INSIGHTS & BUSINESS CONCLUSION

Key findings from profitability, customer, returns and operations analysis

Profitability Pressure :
At 12.33% margin, with 38.80% of revenue low-margin and 8.56% loss-making, profitability remains the core business concern.

Discount Leakage :
₹197M in discounts across 80.23% of revenue is creating significant margin pressure, particularly at higher discount levels.

Electronics Margin Risk :
Electronics generates ₹1.42Bn in revenue, but its margins turn negative at higher discount levels.

Return Financial Impact :
Returns create ₹153.20M of direct financial impact through refunds and return-related costs.

Customer Risk :
4,682 At-Risk customers represent approximately ₹219.89M in revenue exposure that could require targeted retention efforts.

Delivery Bottleneck :
With 82.74% on-time delivery and 26K delayed shipments, fulfillment performance remains an important operational concern.

Warehouse Risk :
WH006 records only 61.91% on-time delivery and 126 severe delays, indicating a clear warehouse-level performance issue.

Return Root Causes :
Size/Fit and Product Quality are among the leading return reasons, highlighting opportunities to address recurring product issues.

Strong Customer Retention :
A 67.53% repeat customer rate indicates a strong existing customer base and meaningful retention potential.

Champion Value :
The 5,145 Champions generate approximately ₹1.10Bn in revenue, making this segment a major source of customer value.

Revenue Growth :
ShopKart generated ₹1.75Bn in revenue with 43.90% YoY growth across 150K orders.

Customer Value Concentration :
Customer value is highly concentrated, with Champions generating ₹1.10Bn while Lost/Dormant customers form the largest customer-count segment.
